EUROPACK PACKAGING SOLUTION

WOODEN PALLETS

Euro Pallets

Material :- Pinewood
Entry Type :- Four way
Capacity :- 2000 Kg
Dimension/Size :- 1200×800 mm

Two way Pallet

Material :- Pinewood and Hardwood
Entry Type :- Two Way
Capacity :- 1200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

Four Way Pallets

Material :- Pinewood and Hardwood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

Hardwood Pallets

Material :- Hardwood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

WOODEN PALLETS

Chemical Pallet - CP 1

Material :- Premium Pinewood
Entry Type :- Four way
Capacity :- 1190 kg
Dimension/Size :- 1200 × 1000×138mm

Chemical Pallet - CP 2

Material :- Pinewood
Entry Type :- Two Way
Capacity :- 1200 Kg
Dimension/Size :-1000 × 1200 × 138 mm

Chemical Pallet - CP 3

Material :- Pinewood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :-1140 × 1140 × 138 mm

Chemical Pallet - CP 4

Material :- Pine Wood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :-1300 × 1100 ×138 mm

WOODEN PALLETS

Chemical Pallet - CP 9

Material :- Pinewood
Entry Type :- Four way
Capacity :- 2000 Kg
Dimension/Size :- 1140×1140×156 mm

Plywood Pallets For Packaging

Material :- Pinewood
Entry Type :- Two Way
Capacity :- 1200 Kg
Dimension/Size :- 1200 × 1000 × 138 mm

Reusable Collar Pallet

Reusable Collar Pallet (Multi Stacking & Collapsible Reusable Pallets)

Material :- Pinewood
Entry Type :- Four way
Capacity :- 2000 Kg
Dimension/Size :- 1200×800×400 mm

Reusable collar pallet

Material :- Pinewood
Entry Type :- Four Way
Capacity :- 1200 Kg
Dimension/Size :- 1000 × 1200 × 600 mm

METAL PALLETS

Galvanized Metal Pallet

Material :- G.I
Entry Type :- Four way
Capacity :- 2000 Kg
Dimension/Size :- 1200×800 mm

Corrosion Resistant Metal pallet

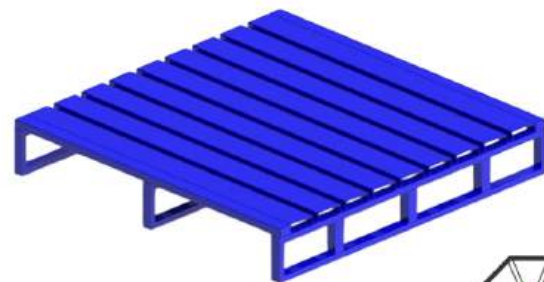

Material :- M.S
Entry Type :- Two Way
Capacity :- 1200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

MS Pallet

Material :- M.S
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

Highly Durable Metal Pallet

Material :- M.S
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

PAPER PALLETS

Honey Comb Paper Pallet

Material :- Kraft
Entry Type :- Four way
Capacity :- 2000 Kg
Dimension/Size :- 1200×800×156 mm

Two way Pallet

Material :-Kraft
Entry Type :- Two Way
Capacity :- 1200 Kg
Dimension/Size :-1000 × 1200 × 138 mm

Paper pallet (Disposable & Honey Comb Paper Pallets)

Material :- Kraft
Entry Type :- Four Way
Capacity :- 2200 Kg

PLASTIC PALLETS

Plastic Pallet (Highly Durable than Wood Pallet)

Material :- Plastic
Entry Type :- Four way
Capacity :- 2000 Kg
Dimension/Size :- 1200×800 mm

Plastic Pallet for Warehouse Industry

Material :- Plastic
Entry Type :- Two Way
Capacity :- 1200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

MOLDED PALLETS

Press Wood Pallet

Material :- Chip Wood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

Molded Pallet (Wood Pallet Made by Hydrological Press)

Material :- Chip Wood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

WOODEN SKIDS FOR PACKAGING

Wooden Skid for ODC Job Heavy Load

Material :- Pinewood
Entry Type :- Four way
Capacity :- 20000 Kg
Dimension/Size :- 5000×3000×200 mm

Wooden Skid for Protection from Rain Dust & Transit Damage

Material :- Pinewood
Entry Type :- Two Way
Capacity :- 20000 Kg
Dimension/Size :- 5000 × 3000 × 200 mm

Wooden Skid for Heavy Equipment Packaging & Transportation

Material :- Pinewood
Entry Type :- Four Way
Capacity :- 20000 Kg
Dimension/Size :- 5000 × 3000 × 200 mm

PLYWOOD BOXES FOR EXPORT PACKAGING

Plywood Boxes for Export Packing

Material :- Pinewood + Ply
Entry Type :- Four way
Capacity :- 5000 Kg
Dimension/Size :- 3000×2200×2200 mm

Plywood Boxes with EPE Foam Padding & Vacuum Packing

Material :- Pinewood + Ply
Entry Type :- Two Way
Capacity :- 3000 Kg
Dimension/Size :- 2500 × 2500 × 1000 mm

Reusable + Recyclable Plywood Boxes

Material :- Pinewood+ Ply
Entry Type :- Four Way
Capacity :- 5000 Kg
Dimension/Size :- 3000 × 2900 × 3200 mm

Recyclable & Reusable Plywood Boxes

Material :- Plywood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1200 × 1000 × 1000 mm

PLYWOOD BOXES FOR EXPORT PACKAGING

Plywood Boxes Using VCI + Aluminum Laminates

Material :- Pinewood + Ply
Entry Type :- Four way
Capacity :- 5000 Kg
Dimension/Size :- 2000×2000×1000 mm

Plywood Boxes for Waterproof Packaging

Material :- Pinewood Marine + Ply
Entry Type :- Two Way
Capacity :- 5000 Kg
Dimension/Size :- 3000 × 2000 × 1200 mm

Plywood Boxes for Heavy to Light Packaging

Material :- Pinewood Marine+Ply
Entry Type :- Four Way
Capacity :- 5000 Kg
Dimension/Size :- 3000 × 2000 × 1500 mm

ISPM-15 Complied Plywood Boxes for Packaging

Material :- Pine + Marine Ply
Entry Type :- Four Way
Capacity :- 6000 Kg
Dimension/Size :- 3000 × 1000 × 1500 mm

PLYWOOD BOXES FOR EXPORT PACKAGING

Plywood Boxes for Vacuum Packing

Material :- Pinewood + Ply
Entry Type :- Four way
Capacity :- 3000 Kg
Dimension/Size :- 1500×2000×1100mm

Waterproof Plywood Boxes for Rain and Moisture Protection

Material :- Pinewood and Plywood
Entry Type :- Two Way
Capacity :- 3000 Kg
Dimension/Size :- 2000 × 2200 × 3000mm

Nail Less Boxes (Foldable/Collapsible/ Nailless Plywood Boxes)

Material :- Pinewood and Plywood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 × 1200 × 138 mm

PACKAGING MATERIAL

Strapping Tools - Tensioners, Sealers, Seals, Buckles & Dispensers

LLDPE Stretch Film for Palletizing the Cargo

Material :- LDPE
Dimension/Size :- 4" to 22"

Silica Gel

Material :- Silica Gel
Quantity :- 5gm to 5kg

Anti Corrosion Paper / Oil Paper

Material :- Kraft Paper

PACKAGING MATERIAL

Dehumidifier (Closet Dehumidifier)

Material :- CaCl₂

Angle Boards for Edge Protection

Material :- Kraft

EPE Foam for Packaging & Shock Absorption

Material :- LDPE
Dimension/Size :- 1000 × 100m

BOPP (Biaxial Oriented Polypropylene) Tapes - Self-Adhesive Tapes

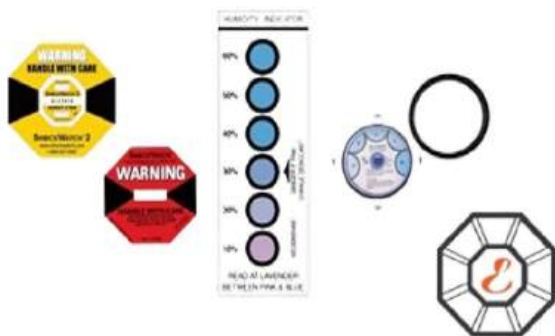

Material :- BOPP

PACKAGING MATERIAL

Humidity Indicator for Moisture-sensitive Electronic / Electro-optic Equipment

Bubble Film for Packing Fragile Items

Material :- LDPE
Bubble Film comes in various Thickness and Width. Length is 100m used for Cushioning.
Dimension / Size :- 100m

PACKAGING LAMINATES

Canvas Tarpaulin (Cotton Canvas Tarpaulins)

Material :- HDPE
HDPE Tarpaulin used for Covering and Protection from Moisture + Rain

Container Lashing Stuffing and Choking Dunnage Bags

Material :-Kraft
Lashing and Choking helps in Securing the Cargo and Dunnage Bags used for gap Filler and Securing the Cargo

PACKAGING LAMINATES

VCI Material (Volatile Corrosion Inhibitor Film)

Material :-LD / LLDPE

Hessian

Material :- Hessian
Hessian made from Jute Fabric used as Dunnage Packing

4 Layer Aluminum Foil

4 Layer Aluminum Layering Helps in Vacuum + VCL Protection Sea Worthy and Packing

3 Layer Aluminum Foil

Vacuum and Protect from Moisture and Sea Worthy

PACKAGING LAMINATES

HDPE + KRAFT

Material :- HDPE+KRAFT
HDPE+KRAFT+VCL can be used for
Protection against Rust protection of
Coils, Plates, Sheets & Engine Parts

Clay Dessicants

Material :- Clay Dessicants
Capacity :- 2gms to 5kg
Clay Dessicants used for Export
Packing, Moisture Absorption

Thermal Bubble Laminate

Material :- Thermal Bubble Laminate
Capacity :- 1.3m x 100m
Thermal Bubble Laminate used for
Insulation and Thermal Protection

Silpaulin 3 layers cross lamination

Material :- Silpaulin 3 layers cross lamination
Made from Multilayer LD/LLDPE/NYLON
Cross layer for good strength, Water Proof
and Puncture Resistance

PLYWOOD FOR PACKAGING

Marine Plywood

Material :- Marine Plywood
Dimension/Size :- 1220x2440 mm

Birch Plywood

Material :- Birch Plywood
Entry Type :- Two Way
Capacity :- 1200 Kg
Dimension/Size :- 1000 x 1200 x 138 mm

Low Cost Commercial Plywood for Storages, Film Sets, Packing Boxes

Material :- Low Cost Commercial Plywood
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 x 1200 x 138 mm

MDF Board for Light Carpentry

Material :- MDF Board for Light Carpentry
Entry Type :- Four Way
Capacity :- 2200 Kg
Dimension/Size :- 1000 x 1200 x 138 mm

PLYWOOD FOR PACKAGING

Particle Board

Material :- Made from Compressed Wooden Chips under steam resin
Capacity :- 8,12,16,18 mm
Dimension/Size :- 8'x4' mm

Commercial Plywood

Material : Made from Rubber wood, Popular wood, Jungle wood Steam + Starch Pressed
Capacity :- 6,8,12,18
Dimension/Size :- 8'x4' mm

Birch Plywood for Export Packing & Marine Protection

Material :- Russian Birch wood glue+ EI, Grade free from formaldehyde
Capacity :- 4,6,8,12,18,24 mm
Dimension/Size :- 8' x 4, mm

Marine Plywood (Marine Ply for Material Handling)

Material :- Hard wood Glue - Phenol
Capacity :- 4,6,8,12,18,24 mm
Dimension/Size :- 8' x 4' mm

PLYWOOD FOR PACKAGING

Phenol Bonded Plywood (Waterproof Phenolic Plywood)

Material :- Hard wood Glue - Phenol
Capacity :- 4,6,8,12,18,24 mm
Dimension/Size :- 8' x 4' mm

Rubber Wood Finger Joint Board

Material :- Rubber Wood
Capacity :- 12,18,32
Dimension/Size :- 8' x 4' mm

OSB Board (Oriented Strand Board / OSB Panel)

Shuttering Plywood (12mm & 18mm)

ANTI RUST TREATMENT

Anti Rust Treatment (Ashfossil HD Coating for Rust Precautions)

Material Ashfossil HD
Life : minimum 1 year .
Application : Brush, Dip, Spray

Rust Prevention (Ashfossil GOLD Anti Rust Treatment)

Material :- Ashfossil GOLD
Life : minimum 2 year .
Application : Brush, Dip, Spray

Europack Rust Prevention Using Transrent / Golden Coating

Transrent Coat
Life : 1yr Peelable

Rust Prevention Using Rust Preventive Grease (High Corrosion Resistance Coating)

Grease used for Threading Peelable Coating

WOOD FOR PACKAGING

New Zealand Pine Wood for Construction, Moldings & Furniture

New Zealand Pine wood, primarily sourced from Radiata Pine, is known for its strength, versatility, and light color, making it a popular choice for construction and furniture.

Australian Pine Wood for Interior Fittings and Fixtures

Australian Pine wood, valued for its durability and distinctive grain patterns, is an excellent choice for interior fittings and fixtures, adding a touch of natural elegance to spaces.

Douglas Fir Wood for Pallets, Wooden Boxes and Crates

Douglas Fir wood, known for its strength, stability, and resistance to wear, is a reliable material for crafting durable pallets, wooden boxes, and crates.

Douglas fir wood

Douglas Fir wood is a strong, versatile timber known for its straight grain, durability, and resistance to decay, making it ideal for construction, furniture, and outdoor projects.

WOOD FOR PACKAGING

Beach Wood (Coniferous Wood for Good Finish & Texture)

Beech wood, a fine-textured coniferous timber, is prized for its smooth finish, exceptional grain pattern, and ability to take stain and polish well, making it perfect for high-quality finishes and detailed woodwork.

Spruce Wood

Spruce wood is a lightweight, yet strong and flexible timber, commonly used in construction, musical instruments, and furniture due to its smooth texture and excellent workability.

Rubber Wood (Best Quality Packing Wood)

Rubber wood, known for its eco friendliness and strength, is an ideal choice for high-quality packing wood due to its durability and sustainability.

Teak wood

Teak wood is a highly durable and weather-resistant hardwood, prized for its rich golden-brown color and natural oils, making it perfect for outdoor furniture, flooring, and boat building.

WOOD FOR PACKAGING

New Zealand Pine Wood

New Zealand Pine, sourced from Radiata Pine, is a lightweight, versatile timber used in furniture, construction, and packaging for its strength and fine grain.

Spruce Wood for Wooden Boxes, Crates, Pallets, Furniture

Spruce wood, known for its light weight and strength, is commonly used for making wooden boxes, crates, pallets, and furniture due to its durability and ease of handling.

Rubber Wood

Rubber wood is a durable, eco-friendly timber, often used in furniture and woodworking, valued for its strength and smooth texture after its use in rubber production.

Jungle Wood Pallet

Jungle wood pallets, made from dense and robust tropical hardwoods, are highly durable and ideal for heavy-duty storage and transportation needs.

PACKAGING HARDEWARE

Wire Nails (Precision Coated Wire Nail for Easy Installation)

Nut & Bolts, Corrosion Resistant Hex Nuts/Bolt

MS Stud Rod / Threaded Rod

T-Nut & Bolts (Corrosion Resistant T Bolt)

PACKAGING HARDEWARE

EYE Bolt (Wear & Tear Resistance, Anti Corrosive Eye Bolt)

Material :- High Tension Eye Bolts For Base.

L Bracket (Highly Durable Steel Brackets - L Shape)

Material :- L Bracket For Corner strengthening of Boxes.

Corner Brackets

Material :- Corner Protection Of Boxes.

Left & Right Base Brackets for Heavy Load Upto 10 Tons of Boxes

Material :- Heavy Duty M.S Brackets For Base Protection.

LASHING MATERIALS

Ratchet

Material :- Ratchet for Locking and Choking.

Lashing Belt

Wire Rope

Material :- Wire Rope for Lashing + Choking of Heavy Equipments.

Turn Buckle

Used for Tieing and Anelloring the wire rope.

LASHING MATERIALS

Bulldog Clamps

Used for Fastening wire ropes.

D Shackles (Duly Certified Anchor D shackle, Long D and Twisted Shackles, Clevis)

Used for Bracing multiple lifting arrangement

Lashing Buckles

Used for Lashing and Anelloring Belts and Cables
